## Profile

- **Quantitative thinker:** Data scientist with 2 years of hands-on experience leveraging machine learning to address real-world business challenges.
- **Results-driven:** Adept at delivering data-driven insights and solutions that support strategic decision-making.
- **Collaborative worker:** Successfully worked with cross-functional teams to deliver end-to-end data products.
- **Lifelong learner:** Enthusiastic about adopting new tools and methodologies in the fast-evolving field of data science.

## Skills

**Frameworks:** scikit-learn, PyTorch, pandas, NumPy, Matplotlib, Docker, Git

**Languages:** Python, SQL, R, Bash,  $\LaTeX$

**Tools:** JupyterLab, Visual Studio Code, Tableau, Power BI, Ubuntu/Linux

## Professional Experience

**Beta Insights Inc.**  
*Data Scientist*

Lakeview, Country

Jul 2023 - Present

- Designed and deployed machine learning models for demand prediction, increasing forecasting reliability by 14%.
- Streamlined data reporting through automated ETL workflows, saving approximately 8 hours per week for the analytics team.
- Partnered with business and product units to create actionable segmentation analyses for targeted outreach.

**Beta Insights Inc.**  
*Data Analyst Intern*

Lakeview, Country

Jul 2022 - Jun 2023

- Developed interactive dashboards for management reporting.
- Assisted senior staff with data cleansing and advanced feature engineering for modeling projects.
- Explored customer usage data to identify and present actionable insights.

## Education

**Lakeview University**  
*MSc in Data Science*  
Dissertation: "Supervised Learning Techniques for Retail Analytics"

Lakeview, Country

2020 - 2022

**Lakeview University**  
*BSc in Statistics*

Lakeview, Country

2016 - 2020

## Projects

**Open Source:** Maintainer of demand-predictor, a PyTorch-based open-source project.

**Data Challenge:** Top 10% finisher in [Data Science Challenge] for customer lifetime value prediction.
